Online event via ZOOM

Register via Event Brite: <https://www.eventbrite.ie/e/gestalt-language-processing-and-adults-tickets-588187543777>

Cost: AIDSIG Members: €10; IASLT members: €15; Non-members: €20

Monday 24th April 2023

14:00 - 16:00 (GMT) Farwa Husain M.S., CCC SLP

'It All Communicates' - An Introduction to Gestalt Language Processing

Farwa Husain is an experienced bilingual SLP and private practice owner of One-on-One Speech Therapy located in New Jersey, United States. This presentation will focus on Gestalt Language Processors and introduce SLTs to the Natural Language Acquisition principles outlined by Marge Blanc to understand Gestalt Language Development. This understanding will empower clinicians to feel confident and have a stronger sense of direction in how to best support Gestalt Language Processors at any age.

Tuesday 25th April 2023

09:30 - 11:30 (GMT) Dr. Sheridan Forster

"'Stop asking!?', actually no, lets talk more about supporting the GLP adult in everyday life"

Sheridan Forster is a speech pathologist who has worked with adults with disabilities for + 25 years. She has also been involved in research, education, and hanging out with people with disability. Sheridan will be talking about using knowledge about Gestalt Language Processing with adults. She will examine how an ethical lens incorporating GLP is needed for working towards interactions that are fair and enabling in everyday life with everyday communication partners.
