

Share IASLTs Key Asks for Election 2024:

IASLT is calling for urgent action to address the current workforce crisis in Speech and Language Therapy services across Ireland.

Immediate revision of HSE Pay and Numbers Strategy with the restoration of speech and language therapy posts.

Investment to commission and action a workforce planning and intelligence report for Speech and Language Therapists, with a specific budget to focus on recruitment and retention issues for SLTs.

Help retain skilled speech and language therapists by ensuring an appropriate career pathway which supports enhanced and advanced practice.

Amend the legislation whereby Speech and Language Therapists are included on the list of 'practitioners' and 'referrers' for medical radiological / ionising radiation procedures and funding to expand the current training on offer to support the changes to legislation.

A full review of the Disability Act is required to enshrine peoples rights in legislation.
