This is to certify that the TiSEM Institutional Review Board (IRB) received the research proposal "Questionnaire on adoption drivers of XR-rehabilitation tools" (TiSEM_RP2569) as indicated in the submission form version 2, which was submitted on 27/11/2025. You have indicated that this is a proposal for research within Standard Research Protocol (SRP) 2: Studies in Judgement and Decision Making.

This proposal has been reviewed and approved under the Standard Research Protocol to which it belongs, and is exempt from full review. This status is valid in perpetuity considering data collection of the research proposal falls within 13/12/2025 and 13/12/2027.

If changes are made to the research proposal, an amendment needs to be submitted for review.

The execution of your research should be in accordance with the Netherlands Code of Conduct for Research Integrity (VSNU, 2018).

The IRB wishes you all the best with your research. For questions related to the IRB, contact the manager of the IRB (irb-tisem@tilburguniversity.edu).

Sincerely,

Prof.dr. E. (Eddy) Cardinaels
Chairperson TiSEM Institutional Review Board (IRB)
